CAREZZE EFFETTO SETA

Leggerezza e comfort, lucentezza e piacevolezza del contatto collocano la seta al top dei materiali naturali. E se alla seta della più alta qualità si abbina un marchio tutto italiano ma dal respiro internazionale come Luna di Seta, il risultato non può che essere l'eccellenza. Vedere per credere il valore aggiunto del design che con preziosi inserti in pizzo, spacchi e scolli insospettati, e inedite asimmetrie realizza modelli unici e inimitabili.
Ancora una volta l'italian style non si smentisce trasformando la semplice “materia grezza” in autentici capolavori che solo il know-how, la perizia e la tradizione italiana rendono possibili. Con le sue collezioni in seta al 100% naturale Luna di Seta si guadagna ampiamente un posto di primo piano tra le griffe dell'italian style che tutto il mondo ci invidia.

SILKY CARESS. Lightness and comfort, shimmer and smoothness to the touch make silk the queen of natural fabrics. And when silk of the highest quality is used by an Italian brand with an international vision, like Luna di Seta, the result is none other than excellence. See to believe the added value of the designs with exquisite inserts in lace, unexpected slits and low necklines, and unusual asymmetry, which create unique and inimitable styles.
Once again “Italian style” doesn’t disappoint, transforming simple “raw materials” into genuine masterpieces that only know-how, expertise and Italian traditions are able to make possible. With its collection in 100% natural silk, Luna di Seta is a clear front runner among Italian fashion brands, which are admired by the whole world.

SILK TATTOO

SILK TATTOO

Ispirate alle decorazioni barocche le sottilissime applicazioni in seta sembrano tatuaggi che creano volute su schiene, fianchi e scollature. Il tulle invisibile scompare a contatto con la pelle creando effetti suggestivi.

Inspired by baroque decorations, the light silk applications seem like tattoos creating swirls on backs, sides and necklines. The invisible tulle disappears on the skin, creating attractive effects.

Tagli asimmetrici, scollature vertiginose, forti contrasti cromatici con il bordino macramè, declinato nei colori accesi fucsia e inchiostro, per una serie di proposte giovani, con un'impronta outwear.

DESIGN

Il rigore dei giochi di linee che decorano gli scolli e gli orli di top, chemise e baby-doll, è ammorbidito dall'effetto nudo del tulle trasparente: i dettagli di piccole strisce in satin sembrano fluttuare da soli sul corpo.

The severity of the lines that are decorating necklines and slits of tops, chemise and baby-dolls, is softened by the naked effect of the transparent tulle: the small satin stripes details seem to float on the body.
